II. Share Capital and Shares

§ 5 Share Capital

1. The Company's share capital amounts to EUR 45,394,302.00 and is divided into 45,394,302 no-par value shares (*Stückaktien*).
2. The Company's share capital was provided in the amount of EUR 453,943.02 through the conversion of SAF-HOLLAND S.A., based in Luxembourg, Grand Duchy of Luxembourg, registered in the Trade and Company Register of Luxembourg under the number B113.090, into a European company (SE), and in the amount of EUR 44,940,358.98 through a capital increase from company funds.
3. The Management Board is authorized to increase the Company's share capital up to the end of June 10, 2029 on one or more occasions in installments by up to a total of EUR 9,078,860.00 with the consent of the Supervisory Board by issuing new no-par value bearer shares against contributions in cash and/or in kind (**2024/I Authorized Capital**).

The shareholders in principle have a right to subscribe. The shares can also be taken on by one or more credit or securities institutions or other entities within the meaning of Section 186(5), first sentence of the German Stock Corporation Act with the obligation to offer them to the shareholders for subscription ("indirect subscription right"). The Management Board is, however, authorized to exclude the shareholders' subscription right for one or more capital increases with the consent of the Supervisory Board in the context of the 2024/I Authorized Capital,

- a) to exclude fractional amounts from the subscription right;
- b) to the extent necessary in order to grant holders or creditors of convertible bonds, bonds with warrants and/or participating bonds (or

combinations of these instruments) (referred to collectively below as “Bonds”) that feature conversion or option rights or conversion or option obligations and were or are issued by the Company or a Group Company a conversion or subscription option for new no-par value bearer shares in the Company to the extent to which they would be entitled after exercising the conversion and/or option rights or after satisfying the conversion and/or option obligations, or to the extent that the Company exercises an option in relation to such Bonds to grant shares in the Company instead of paying the sum due, either in part or in full;

- c) to issue shares against contributions in kind in particular but not exclusively in connection with business combinations or for the purpose of acquiring companies, businesses, parts of companies, interests in companies or other assets (including indirectly), including receivables against the Company or its Group Companies, or to service Bonds issued against contributions in kind;
- d) to issue shares against contributions in cash if the issue price of the new shares is not materially less than the stock exchange price of the Company’s shares already listed on the stock exchange within the meaning of Section 203(1) and (2) and Section 186(3), fourth sentence of the Stock Corporation Act and the pro rata amount of the share capital attributable to the new shares issued subject to exclusion of subscription rights pursuant to Section 186(3), fourth sentence of the Stock Corporation Act does not exceed a total of 10% of the Company’s share capital, this neither at the time of effectiveness nor – if this amount is lower – at the time the 2024/I Authorized Capital is exercised. The pro rata amount of the share capital is to be counted towards this limit of 10% of the share capital that is attributable to shares (i) that are issued or sold during the term of the 2024/I Authorized Capital directly in accordance with or based on Section 186(3), fourth sentence of the Stock Corporation Act, and (ii) that are issued or to be issued in order to service Bonds with conversion or option rights or conversion or option obligations, to the extent that these Bonds are issued in accordance with Section 186(3), fourth sentence of the Stock Corporation Act during the term of the 2024/I Authorized Capital excluding the shareholders’ subscription rights.

Shares excluding the shareholders’ subscription rights may only be issued according to this authorization in the context of the 2024/I Authorized Capital if the sum of the new shares together with shares issued or transferred by the Company during the term of the 2024/I Authorized Capital under another authorization excluding the shareholders’ subscription rights or convertible bonds and/or bonds with warrants that are to be issued during the term of the 2024/I Authorized Capital based on utilization of another authorization excluding the

right to subscribe do not account in total for more than 10% of the Company's share capital, this both at the time this authorization becomes effective and – if this amount is lower – at the time this authorization is exercised.

The Management Board is authorized to determine the additional contents of the share rights and the terms and conditions of the share issue with the consent of the Supervisory Board. This also includes determining the dividend entitlement for the new shares, which to the extent legally admissible may also be determined for a financial year that has already expired, in derogation of Section 60(2) of the Stock Corporation Act.

The Supervisory Board is authorized to amend the wording of the Articles of Association to reflect this after the 2024/I Authorized Capital has been utilized in part or in full or the time limit for utilization of the 2024/I Authorized Capital has expired.

4. The share capital will be conditionally increased by up to EUR 9,078,860.00 by issuing new no-par value bearer shares (2024/I Conditional Capital). The purpose of the conditional increase is to grant no-par value bearer shares to the holders or creditors of convertible bonds, bonds with warrants and/or participating bonds (or combinations of these instruments) that are issued on the basis of the authorization of the Company or its direct or indirect domestic or foreign holding companies resolved by the Annual General Meeting on June 11, 2024 and to grant or establish a conversion or option right or new conversion obligation in or to new no-par value bearer shares in the Company.

The conditional capital increase is only to be performed to the extent that option or conversion rights are utilized, the holders or creditors obliged to convert satisfy their obligation to convert, or shares are offered for sale on the basis of rights of the Company to substitute and unless treasury shares or new shares created from utilization of Authorized Capital are used for servicing. The new no-par value bearer shares will participate in profits from the start of the financial year in which they arise as a result of option or conversion rights being exercised or by conversion obligations being satisfied or offers to sell being exercised. To the extent legally admissible, the Management Board may also determine the participation in profits for a past financial year with the consent of the Supervisory Board, derogating from this and from Section 60(2) of the Stock Corporation Act. The Management Board is authorized to determine the further details of performance of the conditional capital increase with the consent of the Supervisory Board.

§ 6 Shares

1. The shares are bearer shares (*Inhaberaktien*).
2. The Company is entitled to issue share certificates representing individual shares or certificates representing multiple or all shares. The shareholders' right to be issued with certificates for their shares is excluded to the extent permitted by law and unless certification is required under the rules applicable at a stock exchange where the shares are admitted.
3. The form and content of any share certificates as well as any potential dividend coupon (*Gewinnanteilsschein*) and renewal coupon (*Erneuerungsschein*) shall be determined by the Management Board with the approval of the Supervisory Board.
4. In the event of a capital increase, participation in profits of new shares may be determined in deviation from Section 60 para. 2 of the German Stock Corporation Act.

3. Each Supervisory Board member may resign from office without good cause (*wichtiger Grund*) by giving at least one month's notice in writing to the Chairman of the Supervisory Board or, in the event of resignation by the Chairman of the Supervisory Board, to the Deputy Chairman. 4. Declarations of intent (*Willenserklärungen*) by the Supervisory Board are made on behalf of the Supervisory Board by the Chairman of the Supervisory Board. The Supervisory Board may also authorise other Supervisory Board members to do so. The Chairman of the Supervisory Board is authorised to accept declarations on behalf of the Supervisory Board.

§ 13 Rights and Duties of the Supervisory Board

1. The Supervisory Board monitors the activities of the Management Board. It is not entitled to manage the business of the Company itself. In all other respects, the Supervisory Board has all tasks and rights assigned to it by law, the Articles of Association or in any other way.
2. The Supervisory Board may stipulate in the rules of procedure for the Management Board or by resolution that certain types of transactions or measures require its approval. It may give its approval in advance to certain

In addition, they may

also submit their vote orally, by telephone, by fax, by email or by other customary means of communication prior to the meeting, in the course of the meeting or subsequent to the meeting within a reasonable period of time to be determined by the Chairman of the Supervisory Board. 4. Resolutions may also be passed outside of meetings (within the meaning of paragraph 3) in writing, by fax, by email or by other customary means of communication or in a combination of the means mentioned above if the Chairman of the Supervisory Board orders this to be done within a reasonable period of time or if all Supervisory Board members participate in the passing of the resolution. Supervisory Board members who abstain from voting when a resolution is passed are considered participating in the passing of the resolution in this sense. There is no right to object to the form of resolution ordered by the Chairman of the Supervisory Board.
5. The Supervisory Board shall constitute a quorum only if, after all members have been invited, at least half of the members of which it must consist in total participate in the passing of a resolution. 6. Resolutions of the Supervisory Board shall be adopted by a simple majority of the votes cast, unless the law mandatorily provides otherwise. Abstentions are not considered as votes cast in this sense. If a vote in the Supervisory Board results in a tie, the Chairman of the Supervisory Board has the casting vote.
7. The meetings of the Supervisory Board (within the meaning of paragraph 3) as well as the resolutions adopted in these meetings must be recorded in minutes; such minutes must be signed by the Chairman of the Supervisory Board. Any resolutions passed outside of meetings (within the meaning of paragraph 3) will be recorded in writing by the Chairman of the Supervisory Board and sent to all Supervisory Board members.
8. At the invitation of the Chairman of the Supervisory Board or the Supervisory Board, the Management Board members may attend the meetings of the Supervisory Board in an advisory capacity.

As proof of shareholding, it is sufficient to provide evidence of the shareholder's ownership of the shares as furnished by the last intermediary in text form in accordance with Section 67c (3) of the German Stock Corporation Act; such evidence may also be furnished to the Company directly by the last intermediary itself. The proof of shareholding must refer to the close of business of the

22nd day before the General Meeting (record date) and must be received by the Company at the address stated for this purpose in the invitation at least six days before the General Meeting. The notice of meeting may provide for a shorter period of time, to be measured in days. The day of the General Meeting and the day of the receipt shall not be counted.

4. The Management Board is authorised to provide that shareholders may cast their votes in writing or by means of electronic communication without participating in the General Meeting (postal vote). The Management Board is also authorised to determine the scope and procedure for exercising the rights pursuant to sentence 1.
5. The Management Board is authorised to provide that shareholders may attend the General Meeting without being present at the venue and without a proxy and to exercise all or some of their rights in whole or in part by means of electronic communication (online participation). The Management Board is also authorised to make provisions regarding the scope and procedure of participation and exercise of rights in accordance with sentence 1.
6. The Management Board is authorised to provide that the General Meetings of the Company to be held until the end of 30 June 2025 can be held without the physical presence of the shareholders or their proxies at the venue of the General Meeting (virtual General Meeting).

§ 20 Chairmanship of the General Meeting

1. The General Meeting is chaired by the Chairman of the Supervisory Board or any other Supervisory Board member determined by the Chairman of the Supervisory Board (Chairman of the meeting). In the event that neither the Chairman of the Supervisory Board nor any Supervisory Board member determined by the Chairman of the Supervisory Board chairs the meeting, the Supervisory Board shall elect the Chairman of the meeting. If the Supervisory Board does not exercise this right, the Chairman of the meeting shall be elected by the General Meeting.
2. The Chairman of the meeting will conduct the negotiations and determine the course of the General Meeting. He will determine the order in which the speakers will have the floor and the order in which the items on the agenda will be discussed as well as the form, the procedure and further details of voting and he may decide, as far as legally permissible, on the combination of factually related resolution items into one voting item.
3. The Chairman of the meeting is authorized to set reasonable time limits on the right of shareholders to speak and to ask questions as defined by

Section 131 (1) sentence 1 AktG, to ask follow-up questions as defined by Section 131 (1d) sentence 1 AktG and to ask new questions as defined by Section 131 (1e) sentence 1 AktG. The granting of the power of attorney, its revocation and the proof of authorization to the Company must be in text form (Section 126b of the German Civil Code), unless the convening notice specifies otherwise. The details for the granting of the power of attorney, its revocation and its proof to the Company will be announced in the convening notice. Section 135 of the German Stock Corporation Act remains unaffected.
3. The General Meeting shall adopt its resolutions by a simple majority of the votes cast, unless mandatory statutory provisions or these Articles of Association provide for a higher majority or further requirements. Unless mandatory statutory provisions stipulate otherwise, resolutions to amend these Articles of Association will need to be adopted by a two-thirds majority of the valid votes cast or, if at least half of the share capital is represented, by a simple majority of the valid votes cast. Where statutory provisions require the majority of the share capital in addition to the majority of the votes cast for resolutions of a General Meeting, the simple majority of the share capital represented in the vote is sufficient, to the extent permitted by law. The majority requirement set forth in Section 103 para. 1 sentence 2 of the German Stock Corporation Act remains unaffected.

4. As long as share certificates have not been issued, the invitation to the General Meeting shall specify the conditions to be met by shareholders in order to prove their voting rights.
